

**AMENDMENTS TO THE SPECIFICATION:**

Please replace the paragraph beginning on page 6, lines 16-23, with the following amended paragraph:

“In one embodiment, the internal fins 42 comprise of four sets of fins 42a-42i. The fins in each set have varying lengths. The fins in the center of the set are longer than the fins at the edges of each set. The varying sizes of fins 42 permits a greater number of fins to protrude from the inner surface of the tubular body 40. For example, in the embodiment shown in ~~FIG. 3~~ **FIG. 4**, each set has center fins (42c, 42d, 42e, 42f, 42g) that are longer than the fins at the edges of the set (42a, 42b, 42h, and 42i). In particular, in one embodiment where the internal diameter of the tubular body 40 is 22 inches, the length of the fins include:”
